New Drip Pro®

SPRAY DRY NOZZLE CHECK VALVE

No more drips into drying chambers from nozzles!

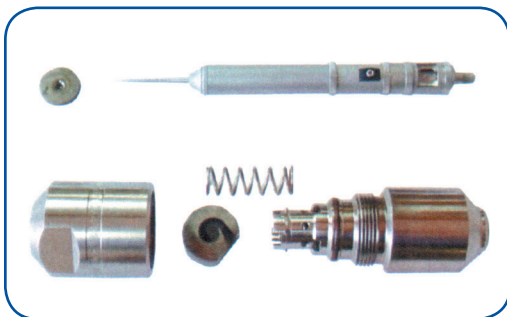

MODEL: SNE-TD-CV-WDN60

The patented **Spray Nozzle Engineering 'CV' Check Valve Series** has now been expanded to include the 'WDN60' Spray-dry Nozzle check valve. Designed to meet the high operating standards of dairy, pharmaceutical and industrial spray-dry plants the world over.

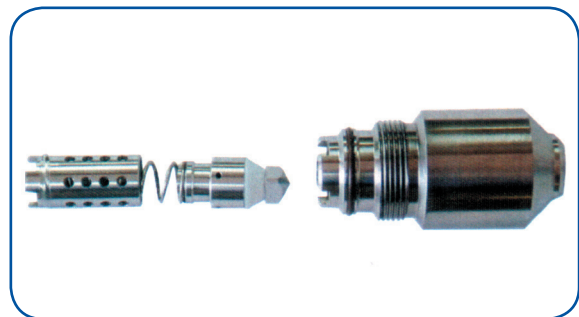

The following are just some of the features:

- ✓ *The patented design can be incorporated into new or existing systems.*
- ✓ *Low pressure drop fluid path design.*
- ✓ *Unique quick disconnect bayonet design on check valve allows easy assembly and cleaning with welded and threaded inlets available.*
- ✓ *One piece body design incorporating check valve keeps overall length to a minimum and keeps a standard appearance to conventional nozzles.*
- ✓ *Sealing system simplified to reduce parts (such as O-rings) to a minimum, and increase life of spray lance.*
- ✓ *Now available with body threads in special 'low-thread galling' stainless materials, to extend life of spray lances and nozzle carriers.*

SAVE TIME - MONEY - WITHOUT PLANT SHUTDOWN!!
