

Air Nozzles

SILVENT 921: flat nozzle that generates a broad and efficient blowing pattern.

Outstanding for use wherever a wide but thin striking surface is required.

Flat nozzles are suitable for most areas of application, such as: drying, transporting, cooling, cleaning, etc.

Often used in manifold systems, providing silent and highly efficient air knives.

Made of zinc with 1/8" male connection thread.

The exhaust ports are protected from external forces by fins.

Order no: **921**
