

SNSB SPRAY BALLS (360°)

SNSB Spray balls create an omni-directional spray pattern producing a low to medium impact rinse / clean. Available in 360° spray patterns, the SNSB are ideal for dissolvable residues and can be used with a wide range of chemicals.

Material: 316LSS (Electropolished)

- Beverage
- Food Processing
- Dairy
- Pharmaceutical
- Water Treatment

360°
