

SILVENT SWB 34

Item number: SWB34170045, SWB34270045

SILVENT SWB 34 is a swivel developed for use with manual blowing tools. The swivel brings significant improvements to the operator's work environment by reducing strain and providing full freedom of movement. The SWB 34 features 360-degree rotation and a flexible bending function, making the compressed air hose feel resistance-free while also increasing its lifespan.

Technical data

Connection	NPT 3/4"
Connection type	Female
Dimension (inch)	● 2.01x4.76
Weight (lbs)	1.003
Max temp (°F)	158
Max op. pressure (psi)	100
Fits	Pro 4, Pro 4X, 4000

Material specification: EN AW 6026
